Repenza with Conditioner

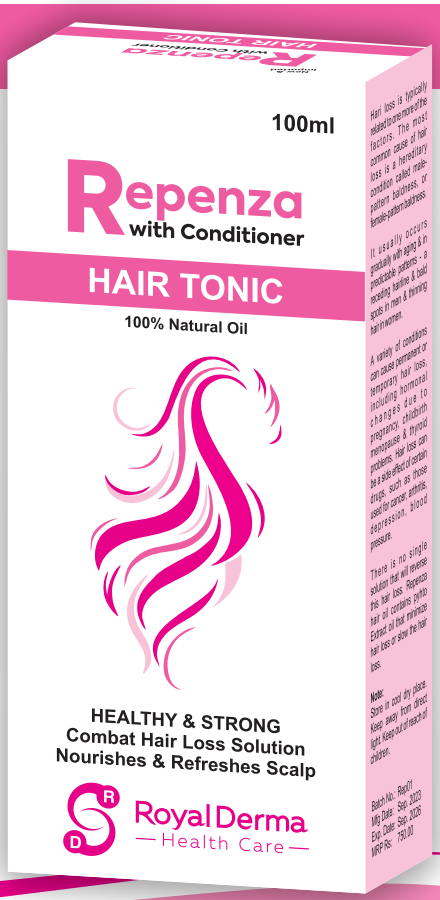

HAIR TONIC

100% Natural Oil

Hair loss is typically related to one more of the factors.
The most common cause of hair loss is a hereditary condition called male- pattern baldness, or female pattern baldness.
It usually occurs gradually with aging & in predictable patterns a receding hairline & bald spots in men & thinning hair in women.
A variety of conditions can cause permanent or temporary hair loss, including hormonal changes due to pregnancy, childbirth menopause & thyroid problems.

Hair loss can be a side effect of certain drugs, such as those used for cancer, arthritis, depression, blood pressure.
There is no single solution that will reverse this hair loss.
Repenza hair oil contains pyhto extract oil that Minimize hair loss or slow the hair loss.

Ingredients:
Almond Oil, Coconut Oil, Olive Oil & Liquid Paraffin.
